SUMMARY

As a Computer Science graduate, I am eager to apply my technical skills and problem- solving abilities in the Information Technology field. My goal is to provide effective solutions for the company while continuously advancing my skills in the tech field to contribute to team success and improve customer experiences.

WORK EXPERIENCE

Future Skill Expert Long-Term Internship Scheme by APSCHE   **January 2024 - April 2024**

- Delivered hands-on training on emerging technologies like Artificial Intelligence, Machine Learning, and IoT to 8th&9th grade students as part of the Future Skills Expert Scheme.
- Assisted in bridging the gap between academic knowledge and practical skills, ensuring students were prepared for future careers in the tech industry.

SkySage: Revolutionising Airfare Prediction with Advanced Machine Learning Integration

It is a groundbreaking project using advanced machine learning techniques, such as boosting and bagging algorithms, to predict flight costs. By analysing pricing patterns from major airlines like Aegean, Turkish, Austrian, and Lufthansa.
